

100kW Solar Energy Storage Unit for Power Grid Distribution Stations

Overview

Designed for demanding industrial applications, off-grid setups, and solar-powered infrastructures, it combines a 100kW hybrid inverter, 207kWh of scalable LiFePO4 batteries, and intelligent EMS in a single cabinet. We offer full OEM & ODM support: The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications. Built with Tier 1 LFP battery cells (EVE), this system delivers safe, reliable, and long-lasting performance. Solar Mounts: Roof and Ground, customized design. More than 3000 successfully case have installed in 100+ countries. Request ROI analysis or technical demo today.

100kW Solar Energy Storage Unit for Power Grid Distribution Station

100 KWh-500KWh Solar Battery Storage Cabinet, 100kWh Battery Storage

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.
