

# Approval of flywheel energy storage construction for San Salvador solar container communication station

## Overview

---

Canada's Innergex Renewable Energy Inc has inaugurated a USD-75-million (EUR 70.8m) battery energy storage system (BESS) collocated with its 68-MW Salvador solar farm in the region of Atacama, Chile, the Chilean energy ministry announced in press release last week. Learn about market trends, key applications, and actionable insights for businesses. Why El Salvador Needs Containerized Energy Storage. We innovate with solar photovoltaic plant design, engineering, supply and construction services, contributing to the diversification of the energy matrix in our. These services are provided by a team of world-class. This 2.15 MWh system, integrated with a 3., while the project's container energy storage battery system was supplied by Gotion High-tech.

## Approval of flywheel energy storage construction for San Salvador
