

Australian Energy Storage Container 40ft Manufacturer

Overview

AVID GROUP provide a whole range of SPS (Stand Alone Power Systems) and Containerised Off-Grid Solar Energy Solutions. Containerised solutions for Solar, EV Charging and portable data centres. At Apex Energy Australia, we offer state-of-the-art Battery Energy Storage Systems (BESS) tailored to meet diverse energy needs. Our solutions range from bespoke designs to pre-packaged high-voltage (HV) systems sourced from trusted international partners, ensuring optimal performance for large. The CAPS BESS is an efficient, reliable, and smart containerised Battery Energy Storage System (BESS). It is designed to provide backup power, intelligent energy storage management, and integration with a wide variety of inputs and outputs. Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable. Get your worksite up and running fast with Site Hub, a 40ft modular space designed for rapid deployment. Enjoy full operational capacity even in remote locations and emergency situations, with built-in solar power, potable water, and sewerage facilities for uninterrupted site operations. Site Hub. It combines the most rugged and reliable design features, all enclosed in a 20Ft container making it weatherproof. Solar panels can be installed as an additional.

Australian Energy Storage Container 40ft Manufacturer

CAPS Energy Storage Systems

Available in either a 10ft, 20ft or 40ft ISO CSC container, the BESS is designed to be cost-effective, safe, easy to transport, scalable and integrated to the specific energy requirements of our clients. The ...
