

Barbados Large Commercial Energy Storage Battery

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. In Barbados has taken a significant step toward transforming its energy landscape with the launch of the Caribbean's first competitive Battery Energy Storage System (BESS) auction — a development that could redefine how renewable energy is integrated, financed, and scaled across island grids. The Government of Barbados has officially launched a major procurement process for the country's first large-scale Battery Energy Storage Systems (BESS), aimed at transforming the national electricity grid and unlocking delayed renewable energy investments. This ambitious project, spearheaded by the Barbados Electric Light & Power Company (BLPC), is a pivotal step in the island's transition to.
