

# Cambodia new energy storage equipment

## Overview

---

To address the issue of energy instability in the region, GSL ENERGY delivered and completed a 32kWh mobile solar energy storage system for local customers in July 2025, helping businesses achieve energy independence and optimize electricity costs. In this project, the client selected two GSL-W-16K. (Yicai) Feb. China Heavy Machinery, a Sinomach. Huawei Digital Power has successfully commissioned what it claims is Cambodia's first grid-forming battery energy storage system (BESS) certified by TÜV SÜD. The newly completed 12MWh energy storage project, which was developed in collaboration with SchneiTec, a renewable energy developer, features. A Chinese industrial conglomerate is to invest \$1bn in a pumped-storage system in southwest Cambodia. According to news site Yicai, the Upper Tatai Pumped Storage Power will be added to the 150MW Tatai hydropower scheme, which China National Machinery Industry Corporation (Sinomach) hopes to. Minister Keo Rottanak has unveiled a new wind energy project in Kampong Chhnang, calling it an ASEAN leader. This article explores how advanced battery technologies like those from EK SOLAR address Cambodia's unique energy challenges.
