

Cambodian outdoor telecom cabinet for campsites

Overview

Seismic-rated models are available for deployment in earthquake-prone regions. Prolonged exposure to solar radiation can degrade plastics, discolor paint, and weaken polymer-based seals. To combat this, outdoor telecom cabinets use UV-stabilized materials throughout their. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Our products are engineered with precision to provide optimal support, ventilation, and security for. Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments. They are also equipped with.
