

Canberra Solar Base Station

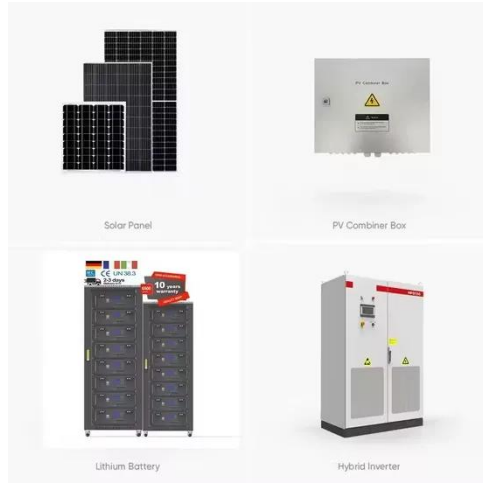

Overview

The CSIRO Tidbinbilla - Canberra Deep Space Communication Complex manages and operates NASA's Canberra Deep Space Communication Complex, one of three tracking stations that provide continuous, two-way radio contact with spacecraft exploring our Solar System and beyond.

Additional ACT Summer School Holiday Opening Hours We are open additional days in January. Opening Hours for the public Ph: 02 6201 7880 Exploring the Solar System. The large-scale battery energy storage system (BESS) will provide at least 250 megawatts (MW) of power. This is enough energy to power one-third of Canberra for two hours during peak demand periods.
