Big thanks to Power Philippines for featuring us! , Coco Miao

Power Ai Philippines has been named Solar Company of the Year: Distributor (Growth Driver) at The Solar Week Philippines 2025.

[Learn More](#)

Power Ai Philippines

Get to know the powerhouse behind Power Ai Philippines, Miss Coco Miao, President and leader with 14 years of expertise in international solar energy, lighting trading, and government ...

[Learn More](#)

Power AI will always be with our partners together to offer the best

A glimpse into Mastering Solar Energy System 2025, an inspiring event filled with expert insights, networking, and innovation.

Accelerating the energy transition towards photovoltaic and

To meet China's goal of carbon neutrality by 2060, substantial investment in upgrading power systems needs to be made to optimize the deployment of new

photovoltaic and wind power ...

[Learn More](#)

Design and integration of a solar photovoltaic system for mechanized

This research designs and integrates a solar photovoltaic (PV) system to power a cocoa pod-splitting machine for addressing the critical challenge of access to sustainable energy and ...

[Learn More](#)

Explainable AI and optimized solar power generation forecasting ...

This paper proposes a model called X-LSTM-EO, which integrates explainable artificial intelligence (XAI), long short-term memory (LSTM), and equilibrium optimizer (EO) to reliably ...
