

Congo Kinshasa air-cooled energy storage system

Higer conversion efficiency

CAN/RS485/WIFI/4G
Blue tooth communication

20 Kwh

30 Kwh

50 Kwh

Thick shell, well protection for inside cells

BMS customization supported

The advertisement features three stacks of white, air-cooled energy storage units on wheels. The units are arranged in three stacks of increasing height, labeled 20 Kwh, 30 Kwh, and 50 Kwh. The background shows a house and a clear sky. The text highlights features like higher conversion efficiency, communication options (CAN, RS485, WIFI, 4G, Bluetooth), a thick protective shell, and BMS customization support.

Congo Kinshasa air-cooled energy storage system

Kinshasa safe energy storage system

Kinshasa Thermal Power Station, also Kinshasa Plastics Waste-To-Energy Plant, is a planned plastics-fired thermal power plant in the city of Kinshasa, the capital of the Democratic Republic of the Congo, ...
