

Democratic Republic of Congo flexible solar panel manufacturer

Overview

List of Congolese solar panel installers - showing companies in DR Congo that undertake solar panel installation, including rooftop and standalone solar systems. IZUBA is a solar energy company established in the Democratic Republic of Congo and headquartered in Goma / North-Kivu, that specializes in EPCM (engineering, procurement, construction and management) services for grid-tied and off-grid / mini-grid solar PV projects. Committed to revolutionizing the energy landscape, we offer a complete range of Sunsynk solar solutions for the residential, commercial and industrial sectors. With our extensive range of products, services, and expertise, including Solar Panels, Batteries, Lithium Batteries, Inverters, Charger Controllers (MPPT), Street Lights, Flood Lights, Cables, Fuses, Circuit Breakers, Surge Protection, Bulbs, Solar Panel Supports, and Accessories, in collaboration. Fortune CP provides innovative renewable energy products and services in DRC. A nation rich in natural resources, its key industries—oil, gas, and mining—are the engines of its economy. Yet these same sectors face a critical operational challenge: a severe and persistent energy deficit. 18 months after the start of construction. According to the latest figures from the International Renewable Energy Agency, DR Congo only had 20 MW of installed PV capacity at the end of 2020.
