

Enterprise solar System

Overview

LZY Energy delivers customized, grid-tied solar power systems specifically designed for commercial buildings. We go beyond just solar panels, offering integrated energy storage solutions for reliable backup power and increased energy independence. SolarEdge is #1 in rooftop capacity and over 50% of Fortune-100 companies have our technology on their rooftops. Manage and optimize a portfolio and site's energy assets, including PV, storage, EV chargers and building assets, such as HVAC. Our comprehensive suite of Solar, Battery Energy Storage (BESS), Energy Management Systems (EMS) and Level 2 or 3 Electric Vehicle Supply Equipment is specifically designed for commercial and industrial applications, ensuring enhanced operational efficiency and a reduced carbon footprint. The panels are encased in glass and an aluminum frame that is affixed to the racking system. We use American made panels when possible. Your system will include battery modules, bi-directional inverters, a thermal management system and controls. With billions of. LZY Energy photovoltaic water pumping system delivers efficient, automated, diesel-free irrigation in remote areas.
