

Finland computer room solar cabinet system manufacturer

Overview

Whether you need one cabinet or a series of 1000 cabinets, we can manufacture them. According to regulations, TAS-Power tests every cabinet before it is delivered. With Watula Greentech and our partners we help you to find new innovative solutions within the energy sector by modular and scaleable products. Our partners are world leading manufacturers. Our highly professional staff is familiar with the relevant regulations and can manufacture any centre you need - from small terminal block box to large automation cabinets. Whether you. As the demand grew, Areva Solar Oy (now Salo Solar Oy) was established in 2013 solely for selling solar energy systems. The quick growth of the market also meant that there were more and more cheap, lower quality solar panels available with no guarantee of their durability against the Nordic. As the leading manufacturer in Finland, we make tailored electrical and automation cabinets for demanding conditions, including in the marine industry and food industry. We serve our customers around the world quickly, cost-efficiently, and flexibly. LZY Energy photovoltaic water.
