

Finnish Energy Storage New Energy Company

INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

Overview

Finnish clean-tech startup TheStorage recently launched its first industrial-scale sand-based thermal storage system. Hitachi Energy has signed an agreement with Nordic Electro Power (NEPower) to provide advanced power conversion technology for Finland's largest battery energy storage system (BESS) in Haapajärvi. Switzerland-based energy company Alpiq is building the 125 MW / 250 MWh facility to support Fingrid's. Polar Night Energy has developed a thermal energy storage system which supplements renewable energy sources and reduces our dependence on fossil fuels. The energy storage facility is owned by a joint venture between Ardian's Clean Energy Evergreen Fund and the local energy provider Lappeenranta Energia.
