

Georgia Energy Storage Industrial Park Project

Sample Order
UL/KC/CB/UN38.3/UL

Overview

Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties. Also included are two other storage projects from Leeward Renewable Energy and EDP Renewables. Creating new ways to produce energy in a sustainable fashion has created an abundance of business opportunities in the important area of energy storage.
