

High Temperature Resistant Outdoor Solar Energy Storage Cabinet for Farms

Overview

This outdoor battery cabinet is highly customizable and designed for telecom, power, and solar energy storage applications. It offers flexible configuration in structure, materials, cooling, electrical integration, and installation to meet diverse project needs and harsh. The SUNWAY 50-100 kW Outdoor Cabinet ESS is an all-in-one energy storage solution designed for commercial and industrial applications. Equipped with a reliable Growatt inverter, it supports flexible battery options including rack-mount and stackable batteries. Plus, it provides protection to personnel against access to dangerous components. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids.

High Temperature Resistant Outdoor Solar Energy Storage Cabinet

Outdoor Cabinet Energy Storage System

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.
