

High quality power switchgear in Canberra

Positive

Back

Overview

At ACT In-Line Electrical, we provide professional switchboard upgrades across Canberra, Queanbeyan and surrounding regions, helping homeowners and businesses replace outdated boards with clean, efficient installations that meet current Australian standards. Upgrading your switchboard is one of the most important steps in keeping your electrical system safe, compliant and ready for modern power demands. We use quality electrical equipment and components from the likes of Clipsal and Voltex. As licensed Canberra electricians, all our electrical work, including switchboard upgrades, is fully guaranteed and compliant. Connected Switchgear is a proud Australian owned and operated company with an established reputation throughout Australia and the Asia Pacific region for manufacturing the finest domestic, commercial and industrial electrical products. Fixed price quotes & quality guarantee.
