

How to connect UPS host and UPS battery cabinet

Overview

UPS host is installed on the wall, its battery cabinet is installed below the UPS host. Contact Schneider Electric for installations with a longer distance. For detailed installation, operating, maintenance and troubleshooting information visit the Liebert ITA2 product page for the. I now have a UPS system with a separate battery storage cabinet, that I must connect with cables. I just need some reassurance that I am thinking correctly since this is not AC wiring. The battery cabinet has a maximum voltage of 575VDC and a max current of 511 amps.
