

Hungary s electricity storage policy

Overview

The Hungarian government has launched a residential energy storage program with a budget of HUF 100 billion. 5 million to support the purchase. Supported by a HUF 100 billion government subsidy, battery storage is no longer an optional upgrade — it has become a core requirement for compliant, future-proof. Hungary's subsidy scheme for energy storage will drive huge growth in battery energy storage system (BESS) deployments over the next few years. Author: Centre for Alternative Technology.
