

# Is the photovoltaic solar bracket waterproof

## Overview

---

They provide a stable platform for solar panels to be installed on top of a carport, while also providing shade and protection for parked vehicles. Sunforson offers innovative SunRack® BIPV waterproof mounting solutions for secure, easy solar integration. With global certifications and fast delivery, our systems ensure durability and performance across residential, commercial, and utility projects. Request installation specs today. **EASY INSTALLATION:** These solar mounts have simple structure, which can greatly improve the efficiency of on site installation and save time and labor. **ALUMINUM ALLOY:** Crafted from high-quality aluminum alloy with an anodized surface, these solar panel mounting brackets offer exceptional strength. At Roof Tech, we've been redefining solar mounting solutions since 1994. Our industry-leading AlphaSeal®. The SunRack TPO flexible waterproof roof Solar panel mount is primarily designed for color steel tile roofs, addressing key issues such as waterproofing and aging. It adds an insulation layer and a long-life TPO/PVC material layer on top of the structural layer.
