

Longi photovoltaic panel export trade status

Overview

(Yicai) June 5 -- Longi Green Energy Technology said the Chinese solar panel giant has not closed its plants in Malaysia and Vietnam nor halted operations at the factories, as rumored, but has modified their production schedules. US tariffs on Chinese-linked exports disrupted Malaysia's solar sector, causing factory shutdowns, stalling Longi's operations, and shifting focus to local deployment. Recently, PV Tech, an authoritative analysis institution in the PV industry, released the Q3 2025. The latest trade data of this company is 2025-11-30 UNITED STATES Importer/Exporter Data Source □ Customs Data Records □ 8710 Buyers □ 1162 Suppliers □ 5 Related Product HS Code □ 848620 85013101 85414021 85419000 Related Trading Partners: LONGI SOLAR TECHNOLOGY CO. was included in the global. Chinese solar companies in Vietnam, such as Longi Green Energy's Vina Solar, have been significantly affected, with the company reducing production lines from nine to just one at its industrial park in Bac Giang province, resulting in hundreds of job losses.
