

# Malawi Energy Storage New Energy Technology Company

## Overview

---

Our BESS project will provide peak power, support renewable energy integration, and enhance overall grid stability. Lilongwe, Malawi | 25th November 2024 — The Global Energy Alliance for People and Planet (GEAPP) and the Government of Malawi have officially launched the construction of a 20 MW battery energy storage system (BESS) at the Kanengo substation in Malawi's capital city, Lilongwe. This is GEAPP's first. Located adjacent to ESCOM's Nkhoma substation in Lilongwe District, our 60MW/240MWh BESS is scheduled for completion in the second half of 2027. The multi-million project is funded through a grant of \$20. Many installations are not taken care.
