

# Manufacturer of ultra-high efficiency solar outdoor cabinets for urban lighting

## Overview

---

We specialize in cutting-edge solar lighting systems tailored to meet diverse outdoor illumination needs. Our approach integrates high-performance LEDs with efficient solar panels, creating self-sustaining systems that operate independently from the power grid. We conduct photometric. Experience enhanced performance and smart thermal management with the Sunway 100kW/261kWh Liquid-Cooled Energy Storage System. Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent. With solar technology transforming outdoor illumination, we provide an energy-efficient alternative that harnesses the sun's power. By eliminating the need for complex wiring and reducing operational costs, sun-powered lighting ensures consistent, long-lasting performance. In-stock and custom battery enclosures that handle all weather environments, maintain productivity and offer. Outdoor power cabinets, DC power systems, batteries, rectifiers, radio enclosures, and equipment racks for telecommunications equipment backup and protection, site optimization, power protection, and surge suppression. Our commitment to innovation and design has established us as a top-tier manufacturer, where style and functionality unite effortlessly. Our creative drive pushes us to exceed.
