

Micro circuit breaker factory in Australia

Voltage range:691.2-947.2V

>6000 cycles(100%DOD)

Rated battery capacity:
216KWH (customizable)

EMS communication:
4G/CAN/RS485

Overview

IPD's MCB breakers are DIN rail mounted, compact, and compliant with Australian standards, with ratings from 0.5A to 125A and breaking capacities up to 50 kA. Their MCBs feature various configurations, trip curves, and safety features, making them. DIN mount 18mm pitch AC Miniature circuit breaker in 1P, 2P or 3P. Can be configured with either an auxiliary switch or trip alarm. 5A through to 125A; typically in 6kA and 10kA fault levels for domestic light commercial applications through to commercial, industrial, and mining solutions. To complement the range further there are a number of value.
