

New zealand solar cabinet system

Overview

PowerPlant3 is housed in a strong, IP rated, weatherproof steel cabinet designed for permanent outdoor installation. The cabinet is suitable for mounting on a concrete pad and is built to withstand New Zealand's coastal, alpine, and rural environments. Built to operate as a fully external system, PowerPlant3 keeps all major power. GridFree's Hihi Solar Nest Cabinet is a complete, all-in-one solution for off-grid applications. 5KW from waveinverter, with cabling, breakers, fusing, and everything else that is required - all compliant to current New Zealand solar standard AS/NZ 5033:2014 and NZ wiring standard AS/NZS 3000. All the difficult high power DC work is done. Whether you live in a rural location without reliable grid access or simply want a more sustainable lifestyle, our off grid solar systems provide the perfect power solution. Whether you're powering a tiny home, shed, or off-grid retreat, this compact powerhouse delivers clean, reliable energy with next-level efficiency.
