

Off-grid solar-powered container for ships in Sierra Leone

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. Who is supplying containerized solar power in Sierra Leone?

Photo: Michael Duff - InfraCo PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP. The German system integrator and EPC. Freetown, Sierra Leone | 10 April 2025: The Republic of Sierra Leone today announced the signing of a Memorandum of Understanding with Hecate Global Renewables (HGR), and Africa50 to develop 100 MW of Renewable Energy projects including Battery Energy Storage Systems (“BESS”). The on-site installation is undertaken by the Off-Grid Installer team and after all clients are included in the online remote monitoring service. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
