

# Paraguay lithium energy storage power supply procurement

## Overview

---

This article explores the project's technical framework, market implications, and how EPC (Engineering, Procurement, Construction) models are reshaping energy storage infrastructure. When Paraguay's National Power Company announced the winning bidder for its landmark Asuncion Energy Storage Project last week, industry analysts weren't just watching – they were cheering. This 450MW behemoth isn't just another battery installation; it's the equivalent of giving Paraguay's grid a. The world shipped 196. 7 GWh of energy-storage cells in 2023, with utility-scale and C&I energy storage projects accounting for 168.
