

Price of photovoltaic panels and racks

Overview

Looking for solar panel mounts / racking systems?

Quickly compare 1000's of product prices, side-by-side. Find the best deals & save money. Browse all sorts of solar panel racking options, whether you're looking to mount solar panels on a roof, ground, pole, or RV, our selection includes high-quality, weather-resistant racking systems built to withstand the elements. Proper racking ensures maximum solar output, secure panel placement. Check each product page for other buying options. Need help?

. Note: Costs are expressed in constant 2024 US\$ per watt. Global estimates are used before 2010; European market benchmarks thereafter due to limited data availability. Installation costs can add an additional 10% to 20% to the overall expense, 4. Most homeowners spend between \$12,600 and \$33,376 to install a complete residential solar system in 2026, with the national average at \$19,873 before incentives.
