

# Small-scale Procurement Contract for Intelligent Photovoltaic Energy Storage Cabinets

## Overview

---

This document has been published with the support of Andy Walker, Otto VanGeet, Tom Harris and Chandra Shah of the National Renewable Energy Laboratory (NREL). The Blueprint How-To Guides, in contrast, provide additional detail to help practitioners get going. Awardees can reference these more granular steps, recommendations, and resources within each key activity as they get started implementing their EECBG projects and programs. By using these. chapter offers procurement information for projects that include an energy storage component. A solar RFP outlines the photovoltaic (PV) product or service requirements, the contract terms, and bidding process.
