

Solar battery cabinet charging and discharging machine

Overview

ECB240 is a high-power, high-current, charging, discharging and equalization integrated maintenance equipment designed specifically for large-capacity battery packs. Constructed with long-lasting materials and sophisticated technologies inside. JNTech all-in-one solar storage system integrates an inverter and energy storage cabinet into a single unit, providing a compact and efficient solution for solar and microgrid systems. We will supply the best enclosures for your business, shipping worldwide.

Solar battery cabinet charging and discharging machine

100V 10A Charging 20A EV Battery Pack Charging and Discharging Cabinet

It is applied to the integrated charge discharge cycle test system of low string lithium battery pack cycle charge and discharge, battery pack function test and charge discharge data monitoring, such as ...
