 LFP 280Ah C&I

Calculation: Is Solar Power worth it? : r/EscapefromTarkov

My advice to BSG: Remove the 75K Euros needed from the requirements to build Solar Power and think of a different way to make Solar Power harder to build. I would not lock it after money and expensive ...

Green batteries should be able to be

crafted from Powerbanks.

They just need to buff the spawns for green batteries, put them back in jackets and filing cabinets, even add this craft. Such a big problem that's solved by changing a couple numbers yet they don't.
