

Solar container battery cabinet is made of aluminum

Overview

Aluminum solar battery cabinets are a great choice of enclosures. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. KDM solar battery cabinets provide you with the ultimate outdoor dust-tight, watertight, and weatherproof solution for your solar batteries. These cabinets not only have special gaskets against dust and liquids but also locking mechanisms to secure your enclosure against unauthorized access. We. Part Number: BBA-1M Manufacturer: OEM Material: Aluminum (Standard), Stainless Steel Available Finish: Mill (Standard), Powder Coat UL Approved: Yes NEMA Rating: 3R, 4, 4X Overall Dims (HxWxD - IN): 20. The Heavy Duty Plastic Enclosures are designed to hold Flooded L-16 type batteries and is made from high density polyethylene (HDPE) sheet.
