

Solar container lithium battery power station in Brunei

Overview

In 2024, the Seri Energy Park debuted Southeast Asia's first hybrid solar-storage microgrid. By day, it stores excess solar power; by night, it powers 5,000 homes. Residents now cheekily call blackouts “pre-historic events. ”. As Bandar Seri Begawan accelerates its renewable energy adoption, lithium-ion batteries have emerged as the backbone of modern energy storage systems. This article explores how modular energy storage systems address Brunei's unique energy challenges while complying with ASEAN electrical. Imagine a city where tropical sunshine meets cutting-edge technology—welcome to Bandar Seri Begawan, the capital of Brunei. We provide operation and maintenance services (O&M) for solar photovoltaic plants.
