

Solar power solutions factory in tajikistan

Overview

Chinese developer Eging PV Technology says it will build a 200 MW solar power station in southwestern Tajikistan. The nation will also construct its first production plant for solar equipment, with investment from South Korea's Global Solar Wafer. At first glance, Tajikistan appears to be an energy powerhouse. The mountainous terrain, once seen as a challenge, now provides elevated sites ideal for maximizing photovoltaic efficiency. Our comprehensive range of services includes solar installation, solar energy solutions. Tajikistan benefits from high levels of solar radiation, particularly in areas with lower elevation and minimal cloud cover.
