

# South Asia Tunnel Uses IP54 Outdoor Cabinet Off-Grid Type

## Overview

---

Our 200KWh Outdoor Cabinets energy storage system is built with IP54 protection, ensuring it can withstand harsh weather, from scorching sun to torrential rain. Widely used across regional utilities boards, Spanners' Feeder Pillars are fully type-tested to IEC 60529 and certified under IP54/55. » See detailed brochure An innovative product. Backup power: Supply power to the load when the power grid is out of power, or use as backup power in off-grid areas. Enhance power system stability: Smooth out the intermittent output of renewable energy by storing electricity and dispatching it when needed. The cabinet is integrated with battery management system (BMS), energy management system (EMS), modular power conversion system (PCS), and fire protection system. is a leading enterprise specializing in the research, development, sales, and service of solar panels, solar inverters, solar batteries, solar systems, and energy storage systems.
