Ecosystems and Biodiversity 2.1.3
Health 3.0 National Adaptation Priorities and Synergies with Other Global Frameworks
Box 3. Climate-Smart Market-Oriented Agriculture Project
The Kingdom of Eswatini, through its updated NDC, prioritized adaptation actions for five sectors: water, ecosystems and biodiversity, health, infrastructure, and agriculture. Their linkages to the Sustainable Development Goals (SDGs) and the Sendai Framework for Disaster Risk Reduction present an opportunity for alignment. Each sector can plan and See more on unfccc tClimate Change Knowledge Portal
