Overview

To find the best solar generators, I tested medium- and large-capacity models from brands like Bluetti, Anker and Jackery. Once considered overly expensive. Solar generators, which are essentially portable power stations connected to a solar panel, combine the convenience and safe operation of a power bank with the regenerative capabilities of a traditional gas-powered generator. Solar options can generate power even when other fuel sources are. Read Next: The Best Portable Solar Panels If the primary cause of power outages where you live are wildfires or hurricanes, or other summer events, I would recommend looking at solar generators.
