

Tran Energy solar inverter App

Overview

You can easily keep track of your solar system performance with this new Energy Monitor! It supports multiple inverter systems like Ginlong, Omnik Solar, Trannergy and Solarman. This app allows you to see real time statistics like income, power generated, co2 saved, and much more. Which enables you. Monitor for Trannergy can read data from Trannergy inverters and show you how much energy your solar panels are producing and other information about the panels and the inverter. For most inverters you should be able to read out the following information: Input and output voltage Input and output. That's where a fantastic solar inverter monitoring app comes in.

-----NOTE----- This is an Xposed Module which requires the Xposed Framework to.
