

Trinity photovoltaic panel prices down

Overview

The average installation cost for a 6kW Trinity solar system currently ranges between \$14,800 and \$21,300 before incentives, according to the 2024 National Renewable Energy Lab (NREL) report. But wait, no – that's national averages. Solar panels typically cost between \$12,500-\$24,000. Use the form below for custom quotes from local installers. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project installations. Electricity rates have inflated over the last decade and continue to rise. Why Trinity Solar?

“We know. There are three payment options that Trinity customers can choose from. The customer is responsible. Use our calculator to quickly get price cost estimates for your specific project. [Click here](#) to log into your Dashboard and activate your account.
