

Trinity photovoltaic panels have several series

Overview

Trinity Solar offers four purchasing options for homeowners: upfront cash payment, solar loan, solar lease and Power Purchase Agreement (Solar PPA). Here's how the long-tenured company compares with the rest of the industry. While the residential solar industry is no longer in its infancy, a company that started installing solar in 2004 is one of the old. Trinity Solar is one of the leading solar companies in the East Coast, with over 85,000 installations completed and of more than 2,700 employees. In addition to solar photovoltaic (PV) systems, Trinity Solar also installs Tesla and Generac home batteries. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project installations. There are many factors you need to weigh to determine the best solar installer for your home, including the.
