

Tripoli lithium iron phosphate battery bms manufacturer

Overview

As a professional wholesale battery supplier, HIMAX ELECTRONICS provides intelligent BMS boards and Protection Circuit Modules (PCM) for a wide range of B2B applications that require safe, stable, and lightweight lithium battery packs. A Battery Management System (BMS) is a critical component in the realm of lithium batteries, including lithium-ion (Li-ion) and lithium iron phosphate (LiFePO₄) cells. We have a complete supply chain with Chinese LiFePO₄ cell manufacturers, such as CATL, BYD, EVE, etc. With a comprehensive integration of R&D. It monitors each individual cell—keeping an eye on voltage, current, and temperature—to ensure they all work together safely and efficiently.

Tripoli lithium iron phosphate battery bms manufacturer

Safe, Long-Lasting

Top lifepo4 battery manufacturer - in-house BMS, after-sales in Europe, US and Thailand, partnership with TUV/UI, IATF16949, EN50604, UL2271
