Ukraine's biggest battery storage project goes online

20 Ukrainian engineers trained for weeks in Germany and Finland -- learning every wire, algorithm, and safety protocol.

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

Back home, they led installation, testing, and startup -- guided ...

LARGEST BATTERY ENERGY STORAGE SYSTEM PROJECT IN ...

The project not only addresses immediate energy security challenges but also lays the groundwork for long-term economic and environmental sustainability in Ukraine.

[Learn More](#)

DTEK Unveils Ukraine's Largest Battery Storage Project

Due to the ongoing war and limited access to Ukraine, this marks the first project that Fluence has commissioned entirely remotely. To make this possible, 20 Ukrainian power engineers ...
