

# What is the price of BESS solar panels in Cambodia

## Overview

---

As of most recent estimates, the cost of a BESS by MW is between \$200,000 and \$420,000, varying by location, system size, and market conditions. This translates to around \$150 - \$420 per kWh, though in some markets, prices have dropped as low as \$120 - \$140 per kWh. Key. The average electricity price for solar power is around USD 0. Cambodia has many problems especially around both electricity generation and its supply which is both unreliable and expensive as consumer demand is rising but often (2020) droughts cut. Key Factors Influencing BESS Prices. Over 80% of photovoltaic systems here rely on Chinese or European imports. As of 2024, the price range for residential BESS is typically between R9,500 and R19,000 per kilowatt-hour (kWh). 03 per kW, significantly lower than that of coal, which is USD 7.

## What is the price of BESS solar panels in Cambodia
