

Whole house photovoltaic panels

1mwh (500kw/1mw)

AIR COOLING
ENERGY STORAGE CONTAINER

Overview

This comprehensive guide will walk you through every step of planning, installing, and optimizing a whole house solar system tailored to your needs. Looking for a hassle-free complete solar power system?

Look no further than our pre-made solar kit packages. These all-inclusive solar kits are designed for simplicity, featuring everything you need for a seamless setup and installation. Each solar panel kit comes with solar panels, grid-tie inverters and mounting hardware and is customized to your energy needs and home's unique specifications. Only some homes are suitable for solar panels;. The system's combination of high-capacity 4*48V100Ah Lithium Batteries, dual 5000W hybrid inverters, and 9840W solar panels makes it stand out in power, efficiency, and long-term value.
